The Hotel Colette was appointed with a fourth star (France)

Communiqué de presse le 18-01-2012

January 2012, the hotel Colette has been awarded by a 'palme d'or' : a fourth star.

In a short piece of time, the hotel Colette has become a reference in Cannes. The uncluttered design of rooms, and the proposed services guarantee to the clientele a quality of stay as high as this prestigious classification.

We shall retain in particular the 47 air-conditioned rooms, some rooms provided with a sunny balcony, the electrical mopet Velosolex® is available for guests, the free WiFi, the former orangery, which welcomes henceforth breakfasts and private functions.

This Star also dedicates the experience of the Groupe Cible, owned and managed by the entrepreneur Jean Pierre Bansard (Intercontinental Paris avenue Marceau 5*, Le Placide St Germain des Prés 4*), which the daughters Colette and Nathalie Bansard manage the hotel division.

Owner of the Hotel Colette since April 2011, the Groupe Cible knew how to, in only a few months, turn to good account its knowledge hotelkeeper to hoist this establishment at the high level of quality needed to welcome a top range clientèle.

Allying charm and modernity, the hotel Colette proves its value and distinguishes itself by its contemporary warm frame and its aspect convenient to the relaxation and to the cheerfulness.

Cannes new star

The hotel Colette is ideally located in the heart of the shopping area rue d'Antibes, a five minute walk from La Croisette's beaches. Cannes is a must to be seen place of the French Riviera, with its range of dazzling landscapes and a number of events happening all year round.

At the hotel Colette, families and business travelers are mostly welcome. Guests can relax and dream away in the hotel's common areas, decorated with contemporary designed furniture.

Guests will appreciate its welcoming lobby, offering a convenient business corner, as well as the quietness of its 1st floor reading room.

Customized care

The hotel Colette features: room service, mini-bar, individual safe box, air conditioning, flat screen TV, Canal +, international channels, DVD player, video games at disposal, complimentary Wifi in the rooms and in the common areas, business corner, in-room computer and printer available on demand, wake up calls, international newspapers, laundry, change, shoe shine service, concierge, luggage room.

A different original touch for the environment, the Colette provides to its guests electrical bicycles "Velosolex" for an ecologically elegant tour of Cannes.

A warm and refined atmosphere

In the room, the attention is focused on comfort : Italian styled beds with Egyptian cotton bedclothes, "l'Occitane" bathroom amenities, lightness and contemporary design combine to guaranty an unforgettable stay.

Among the 47 rooms of the hotel, Le Colette features 2 suites offering an adjoining lounge.

A veranda hosting breakfast...

Le Colette also features a very pleasant veranda, which in the past sheltered an orangery. Its guests can enjoy a hot continental buffet breakfast with a touch of regional flavors. Its adjoining terrace offers the privacy of an intimate sunny area.
